MIDDLETON'S CHROMO OIL PAINTINGS.—Mr. T. U. Webb is taking orders in Carson for Middleton's National oil portraits, embracing Washington and wife, Webster, Clay, Jackson, Lincoln, Grant, Sherman and others, including John Wesley. These paintings are highly recommended by distinguished artists, by such men as Buchanan Reid and Edward Everett. They are not done with a brush, but with oil paints, in a succession of fourteen different prittings. They are so perfect that it is difficult for even an artist to distinguish them from an oil painting. Their cost is trifling compared with paintings. Mr. Webb will receive orders for, and fill them before leaving the city. A specimen can be seen at the Postoffice and at the Ormsby House. These oil chromos are published by Howe & Middleton, Cincinnati, and can be procured of their canvassing agents only. Washington's portrait is from Stuart, and is remarkably correct. All the portraits enumerated are excellent. They are cheap, neat, and beautiful, and as such we recommend them to the inspection of the public.

THE PLEADERS.—William Russell, Tilton Cokerell, Thomas Ryan, John Squires, Thomas Flynn, George Roth, Frank Clifford, J. Bedford Roberts, Edward B. Parsons, James E. Chapman, Edward Bigelow, John Burke, Marion Pruitt, Pat. McInnis, William Willis, Thomas Carter, Daniel Taylor, and Bernard J. Cosgrove, each and all indicted for murder in the first degree for the killing of F. M. Isaacs, will be brought into Court from the State Prison at 2 o'clock this afternoon to plead to the indictment. Each and all of the above named convicts are also indicted for murder in the first degree for the killing of Matt. Pixley, and will probably be arraigned to plead on Monday, though they may plead to both indictments to-day.

FAUX PAS.—The bridegroom of Saturday night last writes a letter to one of his creditors in this city, fully exonerating himself from all blame in the matter of the marriage. We await the fulfillment of promises therein contained, before going into details as to how the marriage was brought about, and as to who was "ruined" thereby. Suffice it, there are some startling revelations in the letter, involving the moral reputation of a business man of this city ("boss ring") and of a gentleman of Pine Nut.

LAKE BIGLER.—Colonel A. W. Von Schmidt is at Tahoe City, personally superintending the construction of the dam across the outlet of Truckee river. The dam is being built of lumber, close to the edge of the lake, and is nearly completed. The canal will follow down the north side of the Truckee to a point nearly opposite Squaw Valley, where the water will cross the river by flume.

BELMONT.—A gentleman just in from Belmont, Nye county, informs us that, while the town appears dull, the yield of the mines is simply monstrous. The Leon mine has been milling ore that yields \$1,100, to \$1,200, \$1,300 and \$1,400 to the ton, and our informant is of opinion that every pound of the material found between the walls of the ledge will average \$100 per ton. This places the Leon in the front rank of silver mines.

TO BE SENTENCED.—Ah Wee, the Chinaman who burglarized the store of John E. Cheney on the 15th of October last, and who was indicted by the Grand Jury and pleaded guilty to the charge, will receive his sentence in the District Court at 10 o'clock this forenoon.

TIME.—The stage arrives here from Steamboat at 5 o'clock in the morning, instead of 10, as stated yesterday, and leave here at 10 in the evening—thus missing the train going to and coming from the east.

RAINBOW.—Dr. Sharp had a rainbow formed on his side and shoulder yesterday, by the kick of a double-barrel shot-gun, both barrels of which have a habit of going off at once.

THE RECEPTION.—Sheriff Swift has had the County jail thoroughly cleaned and ventilated, for the reception of the indicted convicts, who will be brought to town for trial.

COUNTY COMMISSIONERS.—The Board of County Commissioners will hold a meeting, at 10 o'clock to-day, in the county building, for the transaction of general business.

SKATING.—The skating rink will be open to the public at the usual hours this afternoon and evening.

ALAMEDA RACES.—In the single dash of one mile and a half, at Alameda yesterday, Atchison won in 2:42½, beating Nell Flaherty and Demorest. To-day, Pillbox will run in the three mile race for a purse of \$800. We presume Atchison and Cromwell will both contest.

THE INDICEMENTS.—Each of the twenty-nine convicts indicted for murder in the first degree, was separately indicted for the murder of F. M. Isaacs and Matt. Pixley. Their chances of escaping punishment are rather slim.

HEARD FROM.—We understand that Tim. McNamara, one of the escaped convicts, has left Virginia and gone to San Francisco. He will probably be nabbed before many days.

NYE.—Senator Nye arrived in this city yesterday afternoon from Eastern Nevada, and met with a warm reception from his numerous personal friends.

OUR LUCK.—The gentleman who drew the capital prize in the Placerville lottery informs us that nearly all the large prizes in that scheme were drawn in this State. This is encouraging, and there is no reason why all of us should not draw a valuable prize. Brooklyn, Alameda county, Cal., will give away \$50,000 in gold coin on the 4th of December next—without fail. There are 2,106 prizes—one chance in every 22. The prizes range from \$5 up to \$10,000. This is the most liberal schedule yet offered the public on this coast, and the managers are thoroughly responsible. Koppel & Platt, clothiers, corner of South Carson and Third streets, are agents for the sale of tickets in this city.

RAFFLE.—Frank Hall, at Moore & Parker's Saloon, has a miniature ship to be raffled for which is valued at \$250. The vessel was built and rigged by Charles Harrison, of Empire. The hull is a splendid model of naval architecture, the deck houses are perfect, and the rigging surpasses anything of the kind we have ever seen—nothing is wanting that the most critical nautical eye would call for. As a specimen of art nothing more beautiful was ever gotten up. The name of the ship is "Nevada." The cost of tickets is \$2, which may be raffled for at any time until the chances are all taken.

NOTICE.—The public are hereby cautioned against buying the water of a certain spring situated on the Lake Bigler Toll Road, about two miles from Carson, from W. D. Torreyson, or any person other than myself, the said spring being on my line of survey and claimed by me.

MUNCKING GOLD AND SILVER MINING COMPANY.

At a meeting of the Trustees of the Muncking Gold and Silver Mining Company, Dunderberg Lode, Mono county, California, held in Carson City October 24th, 1871, an assessment of FIVE DOLLARS per share was levied on the capital stock of said company, payable on or before the FIRST DAY OF DECEMBER NEXT. Payment to be made in United States gold coin to T. J. Edwards, Secretary, at his office in the Court House in Carson City.

T. J. EDWARDS, Secretary.

After the assessment was levied the following resolution was unanimously adopted:

Resolved, That as there is a claim of the Muncking Gold and Silver Mining Company's claim pending for the sum of one hundred and fifty thousand dollars (\$150,000) for the mine alone, now all persons owning or having control of any of the stock who will deposit their shares with the Secretary, subject to be sold, to be transferred to the purchasers, need not pay the above assessment. From the proceeds of the sale a sufficient amount will be deducted to pay off the actual indebtedness, the balance to be paid over to the owners of the stock, pro rata. Persons transferring stock to the Secretary, will endorse their names on the back of the certificate. The Secretary will give receipts for stock. Stock can be sent by U. S. mail. Should the assessment not be paid, nor the stock surrendered on or before the first day of December next, such shares shall be deemed delinquent and will be advertised for sale at public auction.
